

MONROE CHESTER SPORTSMEN'S CLUB

PO Box 624, Monroe, New York 10949-0624

<http://www.monroechestersportsmen.org/>

To all club members living outside New York State,

You are receiving this email because the club records indicate that you are a non-resident of New York State.

In order for you to travel legally to the club facilities in Chester with a handgun, each year the club applies to the NRA for a registered one year pistol league which provides members the necessary paperwork to travel into New York State with a handgun.

The paper work consists of a signed letter from me, as club president, which you must fill out with your personal information, a league flyer and an NRA league Certificate. All three papers must accompany you when traveling to the club with your handgun.

Additionally, you must comply with New York State law and travel with your handgun unloaded and your ammunition separate from your handgun. Both must be stored in separate locked cases in the trunk of your vehicle or away from the driving area of your vehicle

With that said, to access and print the paperwork from the club please go to the club site <http://www.monroechestersportsmen.org/> and under the tab marked Pistol you will find the link to the three PDF files to open and print the necessary paperwork.

Please note that as a member of the Monroe Chester Club you are the only person that can use the club paperwork to transport a handgun.

Roy Zucca
Club President
