

# NYPCA CIVILIAN COMPETITIVE SHOOTING PROGRAM (CCSP)

**As of October 19, 2014 the  
New York Police Combat Association has instituted the  
following program for Civilian Competitive Shooters.**

**PURPOSE:**

In the spirit of safety, brotherhood and the proficient use of firearms, this program is presented to any civilian who possesses a lawful firearms permit to compete in the NYPCA's Civilian Competitive Shooting Program, (CCSP)

**PROGRAM:**

Competitors who wish to participate will be allowed to compete in the following events.

- 1 - Tactical events.
- 2 - Service gun event, revolver/semi auto.
- 3 - Semi Auto event.
- 4 - Open revolver/semi auto 1500 match

**CLASSIFICATION:**

Civilians who wish to compete in the open revolver/semi auto 1500 event will be classified by the NYPCA in the following manor.

Civilian competitors competing for the first time will compete as an unclassified shooter. Once a shooter competes in two matches and shoots a total of 300 rounds, scores will then be combined and averaged by the total possible score, 3000 points. Civilian shooters will then receive a NYPCA classification based on the percentage and the average of their two 1500 score. This process will take place for both Revolver and Semi Auto Pistol open events. Competitors may use their Revolver Classification in a Semi Auto 1500 match until 300 rounds are fired and a classification for the Semi Auto is received and vise visor. Once a competitor has been classified with a both Revolver and Semi Auto pistol, he or she may not use their revolver classification in a Semi Auto match nor may he or she use their Semi Auto classification in a Revolver match. The above formula will be used to reclassify a shooters to the next higher level only. It will not, however, be used to reclassify to a lower level.

CLASSIFICATION	PERCENTAGE	SCORE
HIGH MASTER	99.0 to 100	1485 - 1500
MASTER	98.1 to 98.9	1471 - 1484
EXPIRT	96.8 to 98.0	1452 - 1470
SHARPSHOOTER	93.7 to 96.7	1405 - 1451
MARKSMAN	90.1 to 93.6	1351 - 1404
CLASSIFIED	90.0 and below	1350 and below

Service Guns and Semi Auto events will be determined by the Lewis System.
